MAIN FEATURES

The Kobra 300.2 range of office shredders has been developed to achieve outstanding shredding performance. A powerful motor operating in conjunction with an exclusive and sturdy driving technology, in addition to the large entry paper opening, allow easy and quick shredding of every paper size at the office. The Energy Smart® management system monitors the power consumption for energy cost savings and for environmental protection by reducing emission of carbon dioxide (CO2).

Sturdy and reliable mechanical design is guaranteed by the chain drive system SUPER POTENTIAL POWER UNIT with metal gears and special carbon hardened steel cutting knives, which are unaffected by staples and metal clips. The power unit is equipped with continuous duty motor without overheating or duty cycles.
